

## **NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION**

Notice is hereby given that the Public Works Department of the City of Mountain View has prepared a Mitigated Negative Declaration (a statement of no significant environmental impacts) for the project identified below.

**Project Title:** Mariposa Park, Design and Construction, Project 09-44  
**City:** Mountain View, California  
**County:** Santa Clara  
**Public Review Period:** June 4, 2010 to June 24, 2010

In accordance with State California Environmental Quality Act (CEQA) Guidelines, Sections 15071 and 15072, and the City of Mountain View procedures for implementation of the CEQA, an Initial Study for the above-named project was prepared. Based on this Initial Study, it has been determined that a Mitigated Negative Declaration is appropriate for this project.

**PROJECT DESCRIPTION:** The City proposes to demolish eight existing, vacant structures on the site and to convert the lots into a 0.6-acre neighborhood "mini-park." Three Heritage trees will be removed during site-clearing activities, and a number of smaller trees on the site may also be removed or relocated. The park will include many typical park features such as children's play equipment, benches, walkways, bicycle racks, picnic tables, a drinking fountain, fencing, park signage, a lawn area and ornamental landscape areas. The park will not include barbecues, rest rooms, lights or organized sports facilities.

It has been determined that this proposed project would not have a significant effect on the environment. Copies of the Initial Study and Mitigated Negative Declaration and all documents referenced in the Mitigated Negative Declaration are available for review in the Mountain View Public Works Department, City Hall, 500 Castro Street, Mountain View, California. The Mountain View City Council will consider this proposed project at its regularly scheduled meeting on June 29, 2010, commencing at 6:30 p.m., in the City Council Chambers, City Hall, 500 Castro Street, Mountain View, California. Comments regarding this project will be received within the public review period stated above pursuant to the requirements of the California Environmental Quality Act.
